Seems like you can buy with confidence.

Professional Responsibility is one of the most rapidly changing fields in American law. New rules, not just new cases, come to the forefront each year. The 2007 edition of Morgan Rotunda's Selected Standards on Professional Responsibility, covering national as well as the New York and California standards on Professional Responsibility, has collected the most up to date and important standards that govern judicial and legal ethics. Students, faculty, the practicing bar, judges, and all those who write and study in this area will find in one short and accessible volume the essentials of what they will need to examine the many issues of professional responsibility that they will confront on a daily basis.
