Save Money !!!!!By Jeanne P BesseAfter reading this book, Eight Ways to Advoid Probate, which I purchased at .com, and tabbing the really important facts, I have been researching futher to check on how to accomplish the items listed. I have inquired about what has to be done, since the deed to my house is in my name and my daughter's name. I was told all she has to do is take the recorded deed to the property appraiser's office and request the change. I took the advice on checking account, savings account, and the certificate of deposit and there will be no hassle in settling my estate.I would like to suggest the book to my friends, but they would rather spend their money on attorney's fees.1 of 1 people found the following review helpful.
