M. Sue Talia : A Clients Guide to Limited Legal Services: A Simple and Practical Guidebook for Family Law Litigants before purchasing it in order to gage whether or not it would be worth my time, and all praised A Clients Guide to Limited Legal Services: A Simple and Practical Guidebook for Family Law Litigants:

3 of 3 people found the following review helpful. Great resource if you're working to control your divorce.By Lee BordenSue Talia's latest book is no weighty tome. Actually it's only 88 pages, but Sue delivers according to her usual

superb standards. Her prose is engaging and straightforward, as it should be. But I wouldn't be suggesting you spend \$9.00 for pleasant prose. What sets this book apart is Sue's wisdom -- her savvy and understanding of how the system works, how lawyers think, and what divorcing people need. My personal favorite is "How to Screw Up Your Case in Five Easy Lessons" (Hint: don't argue with the judge). Also included: How to decide if you're a good candidate for limited legal services, How to find the right lawyer to coach you, and How to get good results from your attorney. She finishes the book with several good checklists to use in getting through your divorce. I'm recommending it to my divorcing clients.

A wonderful book to own.
