Tony Zigmond : A Clinician's Brief Guide to the Mental Health Act, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised A Clinician's Brief Guide to the Mental Health Act, 2nd Edition:

-An easy-to-read practical guide to understanding those parts of the Mental Health Act which clinicians need in their

daily practice. -Covers the 2007 amendments to the Act and appropriate aspects of other relevant legislation.-Takes into account changes brought about by the new Health and Social Care Act 2012.-Gives advice on detaining and treating patients; plus on giving written and oral evidence to mental health tribunals.- Includes: civil and court detentions, community treatment orders and consent to treatment.-Print run of first edition sold out in just 10 months. Will sell well alongside Expert Psychiatric Evidence, ISBN 9781908020321, published by RCPsych Publications in 2011. RCPsych Publications is the publishing arm of the Royal College of Psychiatrists (based in London, United Kingdom), which has been promoting excellence in mental health care since 1841. Produced by the same editorial team who publish The British Journal of Psychiatry, they sell books for both psychiatrists and other mental health professionals; and also many written for the general public. Their popular series include the College Seminars Series, the NICE mental health guidelines and the Books Beyond Words series for people with intellectual disabilities. RCPsych publishes in all areas of psychiatry and mental health, including but not limited to: Clinical psychiatric practice Intellectual disability Mental health services for children, adolescents, adults and the elderly Psychopharmacology Psychotherapy Rehabilitation psychiatry Family mental health Service provision RCPsych Publications books can help with the following disorders: Addictions Affective disorders Attention deficit hyperactivity disorder (ADHD) Bereavement Borderline personality disorder Cognitive-behavioral therapy (CBT) Dementia Depression Eating disorders Perinatal psychiatric disorder Post-traumatic stress disorder (PTSD) Psychosis Schizophrenia Sleep problems
