She said it was an easy read and very helpful. Funny as the guy who wrote it is representing her future ex husband :-)). 0 of 0 people found the following review helpful. this is a great book to read to understand what you're about to ...By AtlantaGirl2003 If you are considering getting divorced, this is a great book to read to understand what you're about to be going through. This book is great at educating someone on how the process works and what to expect. It's a well done summary of how all the different processes work and how to decide what's best for you. I highly recommend this book. 1 of 1 people found the following review helpful. Divorce from a practical perspective. By lauriegd Definitely food for thought for people who are thinking about , or even in the midst of divorce. My favorite chapter is the one that talks about divorce from the children's point of view.

A Cup Of Coffee With 10 Of The Top Divorce Attorneys In The United States This book is for anyone contemplating a divorce or currently going through a divorce. Ten of the top divorce attorneys in the United States will provide you with valuable insights and guide you through the unfamiliar territory of the legal aspects in a divorce. This book will provide accurate information about the most stressful issues you will face during a divorce, such as which process you should use in your divorce: collaboration, mediation, or litigation, and issues surrounding child custody, alimony, and fathers rights? You will also learn how to find the best attorney to represent you in your divorce. Divorce can be one of the most life changing events that you will ever experience, and the decisions you make during the divorce proceedings will affect you and your children long after the divorce is final. This book provides powerful insights into the divorce process and should be required reading for anyone facing a divorce.
