It's a dictionary and it's well-wriiten. If you are studying law and you need help, this is a good book.

The first title in the Black's Handbook Series, this handbook includes the most common key words and phrases with accurate and clear definitions. An essential guide to legal literacy for students, journalists, businesspeople, politicians-- anyone who wants to be an informed citizen. This handbook includes accurate, brief, clear definitions to over 1,000 key legal words and phrases. Helpful extras include the full U.S. Constitution and lists of basic law books.

About the Author  
Acknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.
