Created by the Legal Education Group in the tradition of the worlds widely cited and best-selling legal reference, "Blacks Law Dictionary." The second book in a new series, this handbook includes accurate, clear definitions to more than 3,000 business law key words and phrases.

About the AuthorAcknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.
