Cecil Kuhne : A Litigator's Guide to Expert Witnesses before purchasing it in order to gage whether or not it would be worth my time, and all praised A Litigator's Guide to Expert Witnesses:

0 of 0 people found the following review helpful. Very highly recommended as a 'cornerstone pick' for any legal library reference collection.By Midwest Book ReviewAny college-level or serious legal library needs A Litigator's Guide to Expert Witnesses, an outstanding survey of how expert witness testimony works, how it's earned criticism, and how expert qualifications and testimony can make or break a trial. Attorneys and law students alike will find this an outstanding consideration of how to select and prepare such experts, covering the rules and basics of expert

testimony and including both team and individual approaches. Very highly recommended as a 'cornerstone pick' for any legal library reference collection. Diane C. Donovan California Bookwatch

The admission of expert witness testimony remains one of the most contentious, critical, and interesting aspects of modern-day litigation process. This book examines the role of the expert witness, focusing on taking depositions, expert qualifications, admissibility of testimony, attorney-client privilege, Daubert, rules of discovery and evidence, selecting and presenting experts, and direct examination of experts.
