Jeffrey H Matsuura : A Manager's Guide to the Law and Economics of Data Networks before purchasing it in order to gage whether or not it would be worth my time, and all praised A Manager's Guide to the Law and Economics of Data Networks:

A comprehensive guide for technical professionals, this work examines the basic legal and economic issues associated with the development, operation and maintenance of data communications networks. It is geared to help professionals avoid legal liability in data network operations, and it should help them enforce their legal rights. The format is designed to put immediate answers to daily legal questions at the reader's fingertips.
