This book impressed me so much I want to read it againBy Resa MitchellI used this book to help educate myself about legal writing methods while attending the University of Georgia - Griffin. This book really gave me a lot of insight as to what would be expected of me as a paralegal coming straight out of a certification program. Preparing in class is one thing, but being on the job is totally another. Staying on top of your game is a must and that's what I want to do as a paralegal, so I bought this book and it was well worth

it. It did not have any damages. For the most part, most books I have bought so far did not have any damages that I can think of but was great products and worth my investment. I'd buy again!
