**Nasreen Pearce : A Practitioner's Guide to Probate Disputes** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Practitioner's Guide to Probate Disputes:

0 of 0 people found the following review helpful. AN IMPORTANT SHORT STATEMENTBy Phillip Taylor  
MBEAN IMPORTANT SHORT STATEMENTFOR ALL INVOLVED IN PROBATE MATTERSAn appreciation by  
Phillip Taylor MBE and Elizabeth Taylor of Richmond Green ChambersMost unfortunately for some people, disputes

over wills and other testamentary dispositions have been on the increase since 2006. So, a new title, A Practitioner's Guide to Probate Disputes, has arrived on the market which provides an invaluable guide to the relevant legal framework and the basis on which a will and other testamentary provisions might be challenged by interested parties. We feel that Wildy, Simmonds and Hill Publishing are to be congratulated for the development of their excellent and helpful series of books which they call practitioner guides: great for advisers, practitioners and unrepresented parties alike. The latest title to reach the legal stable is Nasreen Pearce's A Practitioner's Guide to Probate Disputes which gives us a comprehensive and accessible text on the complex but fascinating area of probate which is certainly for the specialist. Pearce covers matters of everyday concern to lawyers, advisers and other professionals in a clear and easy-to-read format which is the hallmark of the Wildy publications. The book covers issues relating to the form and content of a will and its execution, including testamentary capacity, knowledge and approval. With the increase in the ageing population, issues such as undue influence, fraud and forgery are recurrent grounds for dispute. The book also features the more usual lifetime testamentary dispositions and the claims and challenges that can be made in relation to them. It also includes an overview of the claims that can be made under the Inheritance (Provision for Family and Dependents) Act 1975. It provides excellent and succinct guidance as to best practice and sets out examples from case law to illustrate the legal requirements and the problems which can arise from poor drafting and a failure to investigate sufficiently all the circumstances relating to the testator/testatrix. A commentary on disputes which may arise over the burial of the body and the relevance of the rights under the European Convention for the Protection of Human Rights and Fundamental Freedoms is also well covered here. The publication date is stated as 2016.

An invaluable guide to the relevant legal framework and the basis on which a will and other testamentary provisions may be challenged. The book comprehensively covers issues relating to the problems which can arise from poor drafting and a failure to investigate sufficiently all the circumstances relating to the testator/testatrix.

**About the Author** The author is a retired circuit judge and was formerly a district judge of the Principal Registry of the Family Division. She is the General Editor and major contributor of Emergency Remedies in the Family Courts, a contributor to the Family Court Practice and LexisNexis on Wills Probate and Administration Service and Finance Law for the Older Client and author of Adoption Law Manual, Change of Name and Inheritance Act Claims (Wildy, Simmonds Hill Publishing).
