Richard M. Jones : Adoption Act Manual before purchasing it in order to gage whether or not it would be worth my time, and all praised Adoption Act Manual:

This new edition of the Adoption Act Manual draws together in one volume the key legislation together with supporting Statutory Instruments and departmental circulars. Clause-by-clause annotations explain the implications of

each regulation and place it in a wider, practical context.* A complete guide to this area of law* Detailed annotations guide you through the main Acts and principal regulations
