Cynthia R. Mabry, Lisa Kelly : Adoption Law: Theory, Policy, and Practice; Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Adoption Law: Theory, Policy, and Practice; Second Edition:

0 of 0 people found the following review helpful. Great bookBy CustomerGreat product0 of 0 people found the following review helpful. ThanksBy Nichole BrockThanks0 of 0 people found the following review helpful. Good textbook, easy to read and well organized.By Micah WrightMore interesting then I anticipated. Pretty well organized, and concise, not a ton of useless note cases. Good book for sure.

The second edition of this important casebook contains statutes from every region of the United States and from as many states as possible; extensively edited cases from several jurisdictions; interdisciplinary materials that reflect sociological and psychological aspects of adoption; tools such as practice pointers, a hearing transcript and forms to

give a bird's-eye view of the practice of adoption law; a list of selected websites and information on how the Internet is used at various stages of the adoption process; plus a table of cases, appendices and an index. There are also new chapters on alternatives to adoption, child welfare and ethics. Professors will find this information to be valuable for classroom discussion, while practitioners will find it to be an asset for drafting documents and representing their clients.
