(author) Rona M. Fields : Against Violence Against Women: The Case for Gender as a Protected Class (Hardback) - Common before purchasing it in order to gauge whether or not it would be worth my time, and all praised Against Violence Against Women: The Case for Gender as a Protected Class (Hardback) - Common:

2 of 2 people found the following review helpful. A good survey of the subjectBy InterguruThe best thing about this book is not only serves as an introduction for professionals, but it is a good read for the lay reader such as me. The worst thing is that this book needed. As horrible as the stories we hear from Europe and the Americas, they pale compared to less developed countries where abuse of women and children are part of the culture, and in some cases, part of the legal system. Lest we get on a high horse we were much worst within living memory.2 of 2 people found the following review helpful. Commentary of Dr. Fields BookBy Carl L. Algood, Professor of Social WorkThis important work by Dr. Fields that can benefit policy makers and practitioners, offers the reader a comprehensive, thorough, well researched look at the plight of women who are or have been the victims of violence, from a historical worldwide perspective.2 of 2 people found the following review helpful. Excellent expos of violence against womenBy karmela belinkiRona Fields gives new perspectives on the world wide phenomenon of violence against women with numerous examples from different cultures and religions, always with a historical insight. Her research is profound and wide-ranging.Karmela Blinki

Responding to the targeted destruction of women, Fields argues for establishing Gender as a protected class under the Genocide Convention. Cases are explored, historically, anthropologically, psychologically and sociologically, from the author's field research, as well as focuses on morbidity, mortality and demographic documentation data.
