Sometimes you never know when a legal issue will come up in your life. This book may save you time and legal fees if you become informed BEFORE you make a decision. You don't have to have large bank accounts or estates to benefit from this book. It is written for all people from all walks of life. I purchased this book to replace an older legal consumer book. This book has more information than I expected. I am glad I found this book to add to my reference book collection. It saved me \$75 in legal fees.0 of 0 people found the following review helpful. American Bar Association Family Legal GuideBy Julie NI gave this book American Bar Association Family Legal Guide- 5 stars. Every household should have this very helpful ;informative wealth of information in your home work library or office. Has well organized sections of all legal topics.0 of 0 people found the following review helpful. ABA Basics in a bottleBy Neal ThompsonThe Family Legal Guide, is just that. It does not attempt to turn you into a lawyer or supply you with forms for various occasions. What it does, is give you legal guidance into many topics that a family will have to deal with in life. The format is question and answer, very thoughtfully done and quite comprehensive. After reviewing a topic you will be better prepared for the situation and better informed should you need to follow up with professional legal advice
