**American Bar Association : American Bar Association Guide to Wills and Estates, Third Edition: Everything You Need to Know About Wills, Estates, Trusts, and Taxes (American Bar Association Guide to Wills Estates)**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Bar Association Guide to Wills and Estates, Third Edition: Everything You Need to Know About Wills, Estates, Trusts, and Taxes (American Bar Association Guide to Wills Estates):

27 of 27 people found the following review helpful. A great guide to a difficult activityBy Patricia K. SpiegelIt is difficult emotionally and logistically to create a will or trust. I have been avoiding it for too long. But the ABA did itself proud with this one. I have done most of the "leg work" myself and feel confident going into my estate planner that I have the right questions to ask (and that I have saved myself a lot of money by pre-planning.)A must-read for will/estate planning. I had purchased other books that were so reader unfriendly that I never got past the first few chapters. Whoever actually wrote this one has the average (that is, not legally trained) person in mind and is able to empathize with what we know (and don't know) and how we feel.9 of 9 people found the following review helpful. A particularly good primer on the subjectBy Captain AmericaThis book falls somewhere between a primer for laymen and a primer for practitioners. I think it comes in a little short for lawyers, but I would highly recommend it to all non-lawyers who are interested in understanding all the basics of estate planning. And as a lawyer, I would recommend it as a starting point, or for getting a grip on how to do simple wills.29 of 29 people found the following review helpful. superb guidebook for wills and estatesBy loyal customer BillThis is a modest format, 366 page guide that is superb. I has no bells and whistles, none of the pictures, diagrams and jokes typical of current books--just information presented in a very clear way. And nothing seems to be left out. Check out the table of contents. I stumbled onto it at the local library, and I am about to buy it.

The American Bar Association Guide to Wills Estates, Third Edition, contains everything you need to know about planning an estate, preparing a will or trust, and minimizing inheritance taxes. It is organized in easy-to-follow chapters with sidebars containing tips, checklists, and key information.The ABA Guide to Wills Estates will help you:  
Determine what to put in an estate plan  
Decide whether to prepare a will, trust, or living trust  
Avoid or reduce estate taxes  
Change plans if the law or your circumstances change  
Transfer property without a will with substitutes such as life insurance and joint tenancy  
Understand the benefits of living gifts and life insurance  
Choose an executor and trustee  
Guard against a will being contested

About the AuthorThe American Bar Association is the nations leading legal authority and the largest voluntary professional membership organization in the world. With more than 400,000 members, the ABA provides law school accreditation, continuing legal education, information about the law, programs to assist lawyers and judges in their work, and initiatives to improve the legal system for the public.
