American Bar Association : American Bar Association Legal Guide for Americans Over 50: Everything about the Law and Medicare and Medicaid, Retirement Rights, and Long-Term Choices for Yourself and Your Parents

before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Bar Association Legal Guide for Americans Over 50: Everything about the Law and Medicare and Medicaid, Retirement Rights, and Long-Term Choices for Yourself and Your Parents:

4 of 4 people found the following review helpful. Dated and dry read. By John May help, but with pending changes in law is a starting point at best, at worst a time waster tracking down current sources and accuracy of info. I would not recommend to a friend. 7 of 7 people found the following review helpful. legal guide for those over 50 By Lois An excellent book filled with lots of information seniors need to know about the law, medicare, medicaid, and so much more. It's a really good reference book and answers many of your questions. Definitely a good one to have in your library. 0 of 0 people found the following review helpful. Moving Target By Teacher Ann The book is wonderful for learning the kinds of things one should be looking for and asking about to get the best life for a senior. The details, however, go out of date very quickly.

A thorough but concise guide to legal issues of concern to senior citizens and their children covers such issues as health insurance, Medicare, Social Security, government benefits, workplace discrimination, retirement communities, and living wills.
