The only negative was the presentation of topics--I would have put them in a different order. The content probably could be understood by a layman. This book sucks...By Ramona Gwen ReeseThe book was disappointing and did little to enhance my knowledge of international law. In fact,

major points were left out. 1 of 3 people found the following review helpful. Very Disappointed By S. Wasserman Expected 2003 revised edition, received 1988 original edition - copy moldy, cannot read. Also emailed seller - never received a response.
