**Hildebrandt International : Anatomy of a Law Firm Merger: How to Make--or Break--the Deal** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anatomy of a Law Firm Merger: How to Make--or Break--the Deal:

2 of 2 people found the following review helpful. averageBy Book SleuthThis book contained a few moderately useful lists, but for the most part contained little of particular value. It is too superficial to be of much use to a large firm merger, and bears little relevancy to the needs of a small firm merger. The most useful part of the book is not the book

itself, but the accompanying forms disk, which can help provide a little structure to your thinking when evaluating and planning a law firm merger. 5 of 5 people found the following review helpful. Too short and superficial  
By M. Landry  
Too short and over priced. I bought this book in March 2005 for the list price, now that the price is reduced, it might be a better deal. Still expensive for a paperback of only 208 pages, almost half checklists and exhibits. It is authored by Hildebrandt International, which provides consulting advice to merging law firms. I felt I was reading a promotional brochure for the consulting service. There is some useful insight but at a common-sense level, not so much that is penetrating insight. Obscure topic, so if you want information you might have limited choices, hence my purchase. Another book (not purchased by this reviewer) Law Firm Mergers : Taking a Strategic Approach is also by Hildebrandt; why do they have two books on the same topic?

This revised and updated edition provides you and your firm with the expert advice on what you need to consider when contemplating a merger.

From the Inside Flap  
Anatomy of a Law Firm Merger How to Make or Break the Deal, Second Edition Hildebrandt International  
How can you effectively navigate the merger process? Inside this updated Second Edition, you'll find step-by-step guidelines to help you decide whether to pursue a merger, as well as make the many other decisions involved in completing the deal and ultimately integrating the merged firm. Includes several exhibits, questionnaires, and checklists provided in text and diskette formats.  
About the Author
