Minard Alvaro McAlister : Anatomy of Marriage before purchasing it in order to gage whether or not it would be worth my time, and all praised Anatomy of Marriage:

2 of 2 people found the following review helpful. Intriguing reading for anyone who wants to understand today's high divorce rate By Midwest Book Review Divorce has become normalcy for so many marriages. "Anatomy of Marriage" examines marriage and what makes so many of them boil down into divorce. Written by a divorce attorney, McAlister draws on his long and vast experience with marriage and divorce and elaborates on his ideas on why few marriages today follow the words 'til death do us part' seriously. "Anatomy of Marriage" is intriguing reading for anyone who

wants to understand today's high divorce rate.

When Minard Alvaro McAlister began his practice of law in the mid-fifties, his divorce work was only an occasional matter. Yet, beginning in the 1960s, a rush of people from all strata of society were beginning to see divorce as less of a stigma and more of a solution. In *Anatomy of Marriage*, McAlister uses his lifetime of work experience to relate the process of divorce from the attorneys point of view and examines many of the reasons why marriages fail.

About the Author Minard Alvaro McAlister continues to practice law and write from his home in South Carolina. His hobbies include photography, cooking, gardening, carpentry, and bicycle riding.
