**Thomas Jacobs : Arizona Juvenile Law and Practice, 2009-2010 ed. (Vol. 5, Arizona Practice Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arizona Juvenile Law and Practice, 2009-2010 ed. (Vol. 5, Arizona Practice Series):

Authored by Thomas A. Jacobs, a judge pro tem/commissioner in the Juvenile Division of the Maricopa County Superior Court, and a group of expert guest contributors. This book is a treatise on juvenile law, with special emphasis on recent changes. The authors review the leading cases on delinquency (including transfer), incorrigibility, juvenile traffic offenses, neglect, dependency, abuse, adoption, termination of parental rights (severance), and related topics. Using analysis of appellate decisions, as well as all pertinent statutes and rules, the authors describe the steps in the

juvenile court process from the court's assumption of jurisdiction over a child to the termination of that jurisdiction.
