1 of 1 people found the following review helpful. Excellent practical information By DayClipper This book is among the best of asset protection books I have encountered. The author provides useful examples and a comprehensive overview about different asset protection strategies. Topics in this book include fraudulent conveyance, the use of limited liability companies (LLCs), domestic trusts, and civil litigation. This book is highly recommended for someone who wants to plan asset protection strategies or as preparation for engaging an asset protection attorney. 0 of 0 people found the following review helpful. Safeguard Your Assets As a business owner, you can't prevent gold-diggers from bringing frivolous lawsuits against you. It's relatively easy for someone to invent a hollow lawsuit and find a lawyer to present it. It's not uncommon for the jury to give credence to the most ludicrous lawsuit on the assumption that it wouldn't be in the court system unless

it had merit. You can't change human nature or the jury system, and insurance isn't always enough. However, you can assure that you are protected above and beyond your insurance coverage should you ever be put in this type of situation. With some careful planning and advance arrangements -experienced attorney Robert L. Klueger shows you how to legally position your assets so they are exempt from seizure or shielded from a creditor's claims. Learn how to: Use various protection techniques to preserve your assets Decrease your vulnerability to creditors Ensure your assets are legally structured and not subject to fraudulent conveyance Enhance your chances of winning a case The best time to protect your assets is before you become a target.
