June L. Melloni, Ida G. Dox, B. John Melloni, H. Paul Melloni : Attorney's Reference on Human Anatomy before purchasing it in order to gage whether or not it would be worth my time, and all praised Attorney's Reference on Human Anatomy:

Attorney's Reference on Human Anatomy is a medical reference book designed to facilitate the location of anatomic information. It provides attorneys and research assistants with quick access to information previously found only by searching multiple sources. The book provides clear and concise descriptions of technical anatomic information. Attorneys and assistants use the book to clarify and comprehend the intricate anatomy of the human body. Attorneys can also use the book to display any of the 1,000 accurately rendered illustrations in a courtroom to enhance their communication of complex medical information.

"Provides attorneys and research assistants with quick access to information previously only found by searching multiple sources...Clear and concise descriptions of technical anatomic information." --American Reference Books AnnualAbout the AuthorJune L.
