Rod D. Margo : Aviation Insurance before purchasing it in order to gage whether or not it would be worth my time, and all praised Aviation Insurance:

0 of 0 people found the following review helpful. the best seller.By Susanna I.fast shipping. would purchase again. my father this it is the best , the best seller. For a home product, for the price, this is quite good. I prefer a heavier product altogether, but I was surprised with the quality considering how inexpensive this product is. Coming from a professional background, I'd say this is a great piece to start with.

This book examines all forms of aviation insurance and their practical application. It focuses primarily on the basic principles of the English law on the subject but also looks at the law and decisions of other jurisdictions, in particular, aspects of US aviation insurance. A particular feature is the inclusion of the standard forms used in the London market, including those approved by Lloyd's Aviation Underwriters' Association and used by the various syndicates, companies and brokerages in the London market.
