BAR/BRI : BARBRI Multistate Professional Responsibility Exam MPRE Workbook 2012 before purchasing it in order to gauge whether or not it would be worth my time, and all praised BARBRI Multistate Professional Responsibility Exam MPRE Workbook 2012:

0 of 0 people found the following review helpful. Preparation book okayBy jaclynThis preparation book was okay - I liked the exams in the back, but it really wasn't a substantive overview of the content needed. I would purchase the book for the exams in the back though.6 of 6 people found the following review helpful. Achieves Its GoalBy HumbleThoughtsI first want to mention that Barbri gives this book out free when you're in law school as a way of enticing you to buy their bar review course later on, so you should probably just pursue that route if it is available to you. That aside, this is an excellent product. I have also used Barbri's bar exam course and had a good experience there too, The convisor mini-review is perfect for studying. The regular outline is too long but you can read that too if you feel it necessary. I followed the study approach they outline in the front of the book and passed with a 120+.

MOST CURRENT MPRE BOOK FOR THE MPRE EXAM.
