0 of 0 people found the following review helpful. perfect for this topicBy John L. DavellaThere are a lot of books written on the topic but most go into details about the judicial system or other areas of law that do not apply to contracts. I wanted a book teaching about contracts. This book hit the nail right on the head. It explains topics well and includes everything that needs to be talked about. I am not an attorney and i don't want to be. Be to me, contacts are

important. They are the basis of our business world. This book fit the bill for me.0 of 0 people found the following review helpful.
