**Lori Damrosch, Louis Henkin, Sean Murphy, Hans Smit : Basic Documents Supplement to International Law, Cases and Materials, 5th Ed. (American Casebooks) (American Casebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Documents Supplement to International Law, Cases and Materials, 5th Ed. (American Casebooks) (American Casebook Series):

0 of 0 people found the following review helpful. It came in good condition. I would recommend to someone

interested in ...By Tia A. This book was competitively priced. I do not think that I ever even opened it though because my professor did not use it even though it was part of the required reading list. It came in good condition. I would recommend to someone interested in reading supplementary cases to further their knowledge on international law.

This comprehensive, up-to-date collection of documents is designed primarily for use in conjunction with Damrosch, Henkin, Murphy Smit's *International Law: Cases and Materials*, Fifth Edition (2009). Divided into key subject matter areas, it also provides a handy general reference for anyone working in the field of international law.
