Jerry A. Nathanson : Basic Environmental Technology: Water Supply, Waste Management Pollution Control, 5th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Environmental Technology: Water Supply, Waste Management Pollution Control, 5th Edition:

0 of 0 people found the following review helpful. I really like this bookBy CustomerI really like this book. Has given me a better understanding about waste water and procedures. I would say that for some people studying for the ASP, this book has really god information. Other than that, the company was on time. Great service. Thanks!0 of 0 people found the following review helpful. One StarBy CustomerOkay book in bad shape.0 of 0 people found the following review helpful. Great option to expensive US editionBy Kaylani MendezExactly the same content as USA edition. Just

lower quality pages.

5th edition, printed by Prentice Hall of India, on black and white pages. Same content as the hardcover version.
