From CRC Press : Bearing Witness to Change: Forensic Psychiatry and Psychology Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised Bearing Witness to Change: Forensic Psychiatry and Psychology Practice:

This book explores the response of forensic psychiatry and psychology to changes over the last several decades. It presents the disciplines themselves as change agents that have shaped forensic work, public policy, and law. Topics include selected developments in forensic practice, the management and treatment of individuals who have had involvement with law enforcement systems, and the application of administrative principles to the management of forensic entities.

About the Author Ezra Griffith, PhD, professor emeritus of psychiatry, Yale School of Medicine; former deputy chairman, Diversity and Organizational Ethics, Department of Psychiatry; editor, *Journal of the American Academy of Psychiatry and the Law*.
