Melissa A. Kucinski , Daniel J. Berlin : Becoming the Tech-Savvy Family Lawyer before purchasing it in order to gage whether or not it would be worth my time, and all praised Becoming the Tech-Savvy Family Lawyer:

Efficiency is key to maintaining and building a family law practice. This guide considers their unique daily routine to assess the tech gadgets that will fit into an existing practice and provides expert guidance on technology tools that are mobile, accessible, and have a user-friendly interface. The authors make recommendations on ways to streamline and

manage a more efficient practice, from client meetings outside the office to case management, trial preparation and discovery, marketing, and much more.

About the AuthorMelissa A.
