**Jonathan Herring : Beginning Family Law (Beginning the Law)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beginning Family Law (Beginning the Law):

Whether youre new to higher education, coming to legal study for the first time or just wondering what Family Law is all about, Beginning Family Law is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Family Law module with confidence. Adopting a clear and simple approach with legal vocabulary carefully clarified, Jonathan Herring breaks the subject of family law down using practical everyday

examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. *Beginning Family Law* is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes.
