**Janet L. Dolgin, Lois L. Shepherd : Bioethics and the Law (Casebook)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bioethics and the Law (Casebook):

0 of 0 people found the following review helpful. Two Stars By Jamie outdated casebook. spend the extra money and buy the newest edition 0 of 1 people found the following review helpful. The book looked brand new. By I do shop. I needed the book for only half the semester so it just made sense to rent it. It shipped fast and was in great condition. 0 of 0 people found the following review helpful. Remarkable tour de force of moral philosophy, law By Pericles This

rare combination of case book, moral philosophy treatise and historical survey reads equally well for learning and for reference. Starting with ancient Galen and leading to current conflicts of rights and responsibilities among state, family and those with oblique family connections, Dolgin and Shepard have produced a remarkable tour de force that will hold its place as an invaluable work for a generation at least. This work can be read straight through with endless edification for philosophers, lawyers, medical practitioners - anyone interested in the moral issues of life, death, reproduction, marriage, and medicine.

Book by Dolgin, Janet L., Shepard, Lois L.
