Ulrich Storz, Martin Quodbach, Scott D. Marty, Derek E. Constantine, Matthew Parker : Biopatent Law: European vs. US Patent Law (SpringerBriefs in Biotech Patents) before purchasing it in order to gage whether or not it would be worth my time, and all praised Biopatent Law: European vs. US Patent Law (SpringerBriefs in Biotech Patents):

SpringerBriefs in Biotech Patents presents timely reports on intellectual properties (IP) issues and patent aspects in the field of biotechnology. This volume focus on particular aspects of the US patent law, which can have tremendous differences compared to the European law. This includes questions of biopatent prosecution, novelty, inventive step, written disclosure and sufficiency of enablement as well as questions of law enforcement of biotech patents.
