From John P De Cecco : Bisexual and Homosexual Identities: Critical Theoretical Issues (Research on Homosexuality) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bisexual and Homosexual Identities: Critical Theoretical Issues (Research on Homosexuality):

This well-documented book highlights some of the theories of bisexual and homosexual identities and their conceptual bases in cultural history, moral philosophy, biology, and social psychology. Some of the most respected minds in the field of human sexuality challenge traditional views on homosexuality and question the moral principles implicit in many existing psychiatric and psychological theories.
