From West Group : Black's Law Dictionary, 7th Deluxe Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Black's Law Dictionary, 7th Deluxe Edition:

0 of 0 people found the following review helpful. Excellent BookBy Theopolis JamesThe book is self explanatory and an excellent source for legal references. It helps me understand legal jargon. In my opinion its the best legal dictionary in print.9 of 12 people found the following review helpful. Black's Law DictionaryBy J. LindnerThis book is indispensable for those who deal with any type of legal matters. The first day I owned it, it clarified a local government issue with which I was involved. It's definitions are succinct and appears to be as complete a volume as is available. I highly recommend this book.10 of 11 people found the following review helpful. Good for lawyers, not needed for law studentsBy A CustomerBlack's is widely regarded as the ultimate authority for the definition of legal

terms. I bought the leather-bound version on the first day of law school, but never used it once. (A law student can get by with a paperback legal dictionary.) However, I HAVE used this book as a practicing attorney. I once used it as authority in a brief, and the judge actually relied on the Black's definition to justify his order in my favor.

Completely revised in 1999, the Seventh Edition of Black's Law Dictionary is the premier legal reference resource. This edition contains over 24,000 definitions, 4,500 of which are completely new to the Seventh Edition. Helpful extras include a list of legal maxims, the U.S. Constitution, the Universal Declaration of Human Rights, a time chart of the United States Supreme Court, a Federal Circuit Map, and British Regnal Years. This Deluxe Edition is handsomely bound and features easy-to-use thumb-indexing.

About the AuthorAcknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.
