Great Deal!By Janet McDonaldWhen I first decided to buy the Dictionary, and saw the price for a new one, I thought, Wow it would be a long time before I set aside enough money to buy one. Then I came to , and was shocked at the price. Then when I ordered it, I worried that the quality of a used book would be disappointing. I was wrong. Even though it has been a long time since I purchased this book, it is still in great shape, and we have read it, abused it, and it is still in great shape.Thanks for the great buy at a fraction of the price for new!3 of 3 people found the following review helpful. AS NEW...NOT EVEN CLOSEBy Dr. M.Not as pictured. Not as described. Not pleased. There were a few listed from different sellers and I paid extra for this one because it was listed as AS NEW. This appeared to be a library book. It had a bar code sticker that someone tried to

remove. The corners were taped. I will never buy from this seller again. 1 of 1 people found the following review helpful. Legal dictionary By John Decker Everyone should have a copy of this easy reference guide to the legal system. It's a dictionary and not a daily reading book.

Since Black's Law Dictionary is revised on average only once each decade, the publication of a new edition is a major event. The strong reputation that Black's has attained over the past 108 years positions it as the quintessential legal reference tool for the 21st century. The 7th edition of Black's Law Dictionary is the most comprehensive, authoritative, scholarly, and accessible American law dictionary ever published.

It should have a place in the libraries of barristers and solicitors and certainly a place on every serious law student's bookshelf. The new edition of Black's Law Dictionary continues to provide a comprehensive and authoritative coverage of English and American legal terminology....its reliable and up-to-date definitions in plain (American) English make Black's Law Dictionary an essential tool for both scholars and practitioners. Construction Engineering Law. About the Author Acknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.
