Should have spring for the hard cover edition.1 of 1 people found the following review helpful. I used it twiceBy Ashley M.I used it twice and neither time did it have the word I was looking for. Considering that cases reference a ton of Latin phrases that are purportedly common, this book has a serious deficiency for all of them. It might be better for when you're past your first year but I haven't found it useful so far.0 of 0 people found the following review helpful. Just as expected, good value.By ColdShotIt came well padded, pages were intact, no marking. there was some yellowing of paper but not really a big deal
