I cannot emphasize how much this dictionary is important to EVERYONE all across the world. It will explain and give you the keys to learning to speak "Legalese" and help reveal the "legal" meaning of what seems like ordinary words....Words you though you knew the meaning of. For example, the word person. The legal meaning of the word person means " A Corporation or legal entity, a legal fiction" Something you MUST watch out for in Courts....There are all types of words you can find in here with alternate meanings as well as Supreme Court rulings on how the words were used and how they arrived at the definitions. When getting law dictionaries, get the older versions such as the 4th Edition and 3rd Editions...The newer, annotated versions have been changed and altered. Don't miss your chance to own one of these valuable books.2 of 2 people found the following review helpful. Five StarsBy CustomerPackage arrived within 24 hours! Everything I expected! Thanks!
