**Nigel Lowe, Gillian Douglas : Bromley's Family Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bromley's Family Law:

0 of 0 people found the following review helpful. Book in great condition and the customer service was exceptionalBy M. ThompsonI got this book in great condition. I also got it on time. I was very impressed by the customer service I got because i live in Jamaica, ordered the book to be shipped to a family member in USA who was coming to Jamaica

soon. The delivery time seemed off so i contacted customer service and asked that the book be shipped quickly and explained the situation. The book was shipped by the day after that and was delivered with lots of time to spare. Must say this is a definite 5 star for everything. Thank you.0 of 0 people found the following review helpful. Five StarsBy Kwame ThorneGreat!!

Bromley's Family Law remains the most authoritative textbook on the subject and has been used by generations of both students and practitioners as a reliable source of guidance. It is both detailed and readable, and offers the fullest consideration of new developments and their impact on family law. It offers an especially thorough treatment of the international dimension, including the development of European principles of family law, which is becoming increasingly important for a full understanding of the subject.
