Avoid custody battles -- save time, money and grief. Working out a fair and realistic child-custody agreement is one of the most difficult tasks for parents going through a divorce or separation. Building a Parenting Agreement That Works is the only book to show separating or divorcing parents how to overcome obstacles and create win-win custody agreements. A professional mediator, author Mimi Lyster sets out 40 issues separating parents typically face, and presents all the options to resolving them. The book walks you through all the factors you must consider, including: medical care, education, religious training, living arrangements, holidays, money issues and dealing with changes in an

existing agreement. The updated 6th edition includes checklists and worksheets to help you complete the included fill-in-the-blank custody agreement, and provides the current custody laws of your state. It also covers how to track your child's well-being during a separation or divorce.
