**Timothy W. Caldwell, Rene A. Harvey : Building Your Lifeplan?: Taking Care of You Taking Care of Tomorrow** before purchasing it in order to gage whether or not it would be worth my time, and all praised Building Your Lifeplan?: Taking Care of You Taking Care of Tomorrow:

0 of 0 people found the following review helpful. Fantastic resource around estate planning issuesBy Victor J. MedinaI've had the pleasure of knowing Tim Caldwell for a number of years as a member of a select attorney network

for estate planning and elder law attorneys. I got a chance to read this book this weekend, and it's a fantastic resource as you enter your third act of life. There are practical suggestions, as well as outstanding education in the book and I recommend it without reservation.

Estate planning is about coming to terms with the fact that ultimately we all lose control either because of incapacity or death and then doing something about it before it is too late. Our firm's motto, Taking Good Care of Tomorrow, captures the essence of estate planning: It is about you (your care, your hopes, your dreams, and your legacy); It is about your beneficiaries (how can you best help them?); and It is about the process (estate planning not an estate plan) because your plans may change as laws, assets, circumstances, beneficiaries, and your goals change as well. This comprehensive legal guide to estate planning and settlement will walk you through what you need to know.
