Populist BURTON'S LEGAL THESAURUS has it's beginning back in 1974 to fill a void for legal professionals. From the Foreword- "It is through the use of such a tool as the Legal Thesaurus that one may find the precise term to fit the nuances of a particular situation." - William O. Douglas, Justice, U.S. Supreme Court from 1939-1975. In addition to the features that one would expect in a legal thesaurus, I found Foreign Phrases and Translations keyed to concepts to be both helpful and interesting. The Index is a convenience. This thesaurus is a great reference tool for legal writing. I highly recommend it. 0 of 0 people found the following review helpful. This was bought as a gift for a man in prison wrongly accused. By Marilyn Just want to say ... buying and getting this to a prison inmate was a success. He received the book and as far as I know it was in great condition..he didnt say anything about

it being used. So assume it was in new condition. I am just glad I found a place I can send books to at prison with low cost. Will be certainly buying more. He is reading it page by page. Expect him out soon and his plans are to get into paralegal. Said book is just what he needed! thank you
