Marianne M. Jennings : Business Ethics: Case Studies and Selected Readings (South-Western Legal Studies in Business Academic Series) 7th (seventh) edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Business Ethics: Case Studies and Selected Readings (South-Western Legal Studies in Business Academic Series) 7th (seventh) edition:

2 of 2 people found the following review helpful. Great Case Studies to learn principles and textBy R. FordThis text is teaching me, I'm enrolled in an online program and my professor is barely interacting - ironic since it's a course on ethics. The text is well written and case studies are abundant and disbursed thru the readings. The case studies are relevant and recent, helps to understand ethic policies in today's market.0 of 0 people found the following review helpful. Five StarsBy J700thanks, helped with a cheaper option for a textbook...grad school level2 of 2 people found the following review helpful. Good bookBy SwilsonBought this book for an ethics class I am taking this semester. Is more of a personal read than a 'textbook' read, which is nice for a change. Like the way each unit is broken up into mini-readings - makes it easy to plan for 3-5 readings a day and stop instead of getting into the middle of a long

chapter and forgetting where you left off.
