TurnerThis tiny book is a study guide, in grouped/outline format. Students taking an introductory business law class, or those preparing for the CLEP Business Law I exam can use it.It compresses the highpoints presented in a semester long college course into 234 half-

sized pages. As a result, you won't get a great deal of in-depth material, but it might just be enough to cram before the CLEP examination.0 of 0 people found the following review helpful. Business Law II Essentials Study GuideBy madsemIt helped my daughter out alot in her college classes. Glad to know they were available there. Thank you so much

REAs Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. Business Law II covers commercial paper, ailments, insurance, real property, wills and inheritances, partnerships, corporations, and the legal environment of business.
