**From Business Valuation Resources : BVR's Guide to Business Valuation Sourcebook - 2010 Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised BVR's Guide to Business Valuation Sourcebook - 2010 Edition:

This best selling book has been fully updated. As the essential, go-to reference for the appraisal profession. This

Sourcebook compiles first generation content, including IRS code, regulations, and standards, as well as summaries and commentary on landmark BV cases-including Jelke and McCord. Save time and spare yourself the frustration of mining the Internet or thumbing through print sources for these key materials. The BV Sourcebook puts everything you need in one place!
