Richard C. Wydick, Rex R. Perschbacher, Debra Lyn Bassett : California Legal Ethics, 7th (American Casebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised California Legal Ethics, 7th (American Casebooks):

This new edition retains the popular problem-based approach, but with a thorough updating of every chapter, integrating recent developments since the prior edition, including amendments to the California Rules of Professional Conduct, new court decisions, new ABA Formal Opinions, and contemporary perspectives on lawyering. The new

edition also contains a number of new discussion problems.
