**From Brand: Aspen Publishers : Casenote Legal Briefs International Law: Keyed to Dunoff, Ratner, and Wippman, 2e** before purchasing it in order to gage whether or not it would be worth my time, and all praised Casenote Legal Briefs International Law: Keyed to Dunoff, Ratner, and Wippman, 2e:

1 of 1 people found the following review helpful. Useful but not BreakthroughBy secondyearteacherThis book was useful, let's be honest, these books are always useful. I've used other legal brief books that functioned so well that I didn't need to read the actual text. This wasn't that great but it did provide a general framework that helped me as trudges through the text.6 of 7 people found the following review helpful. Not worth itBy My Two CentsAlthough this

is one of the few supplements keyed to Dunoff, Ratner, and Wippman, it is NOT worth even half of its price. The lack of attention to detail is evident from frequent typos and malapropisms (e.g., "fragrant violation," "tortuous act"). Often, the briefs skip fact summaries, claiming that the "facts aren't in the casebook" even when they are. The case summaries are grossly oversimplified--even more so than one expects from these supplements. This oversimplification leaves out important nuances, making the case holdings wrong. And there are even patent errors--like how the "Quicknotes" repeatedly confuse the Hague Conventions of 1899 and 1907 with the Hague Convention on Service Abroad. The simplistic gloss of terms like "jurisdiction" and "war crimes" insult the reader's intelligence. This book could be helpful if you need a reminder/refresher of the cases covered and some of their circumstances. Despite its problems, it covers all the cases and is mostly accurate--just don't expect too much of it and definitely don't rely on it. 0 of 1 people found the following review helpful. Incomplete Inaccurate By Val gal2 Major Problems: (1) This book is missing briefs for at least half the problems/cases that are presented in the text book; I've come to expect that there won't be a brief to accompany the case. (2) The information given about the cases frequently lacks insight. Many times the "Rule of Law" given is factually the outcome of the case, but it isn't actually the legal principle the case stands for; it misses the point of the case.

After your casebook, Casenote Legal Briefs will be your most important reference source for the entire semester. It is the most popular legal briefs series available, with over 140 titles, and is relied on by thousands of students for its expert case summaries, comprehensive analysis of concurrences and dissents, as well as of the majority opinion in the briefs. Casenotes Features: Keyed to specific casebooks by title/author Most current briefs available Redesigned for greater student accessibility Sample brief with element descriptions called out Redesigned chapter opener provides rule of law and page number for each brief Quick Course Outline chart included with major titles Revised glossary in dictionary format
