1 of 1 people found the following review helpful. Doesn't brief all the cases...By DaveThe big problem with this casenote is that it doesn't recognize that in this textbook, a LOT of very important cases are written in as notes (ex. Fisher case, OPM, Florida Bar, etc.)The result is that most of the law in the textbook is lost to this casenote, which explains why it's only 84 pages. Extremely disappointed, will barely help you understand the textbook.

After your casebook, "Casenotes" will be your most important reference source for the entire semester. It is the most popular legal briefs series available, with over 140 titles, and is relied on by thousands of students for its expert case summaries, comprehensive analysis of concurrences and dissents, as well as of the majority opinion in the briefs.
