The summaries are concise and useful and can be used both for prep before class and to refresh your memory if you're cold called. I also found it useful for my exam prep because I didn't have to reread every case to incorporate them into my outline in an effective manner.0 of 0 people found the following review helpful. You would still need to look up a number of cases decided in the last five years that are not in this Casenote edition. 0 of 0 people found the following review helpful. a must for law student By buffalo bill..
