Honestly, you might be able to get by by just reading these quick briefs in class as opposed to doing the actual reading. Obv not the best choice but... you get what I mean. Also SUPER helpful for studying for the final because it gives you nice concise case rules for every case, which is good for putting together all the information from your class at the end of the semester. Absolutely a must if you want to feel prepared for class.

Just read it right before class and you'll ace it if you get called on. It also gives you definitions for the fancy words you see in cases yet have no clue what it means. 0 of 0 people found the following review helpful. Recommend for any law student

This book got me a B+
By Camron
What I didn't do- read the casebook at all.
What I did do- read this little summary book.
End result: B+.
Not bad for zero effort in a 2.7 curved course.

After your casebook, Casenote Legal Briefs will be your most important reference source for the entire semester.
